Subject: "I am a child, not a bride" project update

Dear Julia,
Greetings,

Hope you are well. I just wanted to update you about the project. We had received the approval letter from the local level rural municipality from Parsa (program district), it took longer time to get the approval than we expected. Recently, we have submitted all the required documents to SWC. Hopefully, the SWC approval comes soon this time. In the meantime, we are working on package revision. We have also shared the concept of our project with local leaders and school committees. During this period we have selected two schools from our project area.

If you have any queries regarding this, please do not hesitate to contact us.

Thank you.

Best regards,
Ram
