Dear Dr. Bishnu,

As you know, we had some kind of problem during the submission of proposal with SWC, now it seems to be solved and we are re-submitting proposal this Monday to them again tomorrow, 11th Nov 2019. Hope everything will go fine this time. I will update you about the progress. Currently, I am in New Mexico for official visits and I will be back in Nepal after a month. However, I will be in touch and update about the project.

Thank you very much.

Best Regards,
