Dear Dr. Bishnu,

Namaste!

... Just a quick update about progress for the approval of project from SWC, our staff from PNMF had gone for the submission of the documents but for some or the other reason they are asking for one more document. We need to get this new document signed by our Chairperson and just letting you know, she is also out of the country for the programs at present. She will be back on 12th Dec 2019 and then we will submit the document again.

Thank you very much. ...

Best Regards,

Swati
