Dear Dr. Bishnu Sapkota,

Namaste!

First of all, I would like to congratulate you and your entire team for the approval of new projects with Patan Academy of Health Sciences. It is indeed a very good news. About the project with PNMF, we had re-submitted all the documents to SWC and now they want one more details from us in order to get it processed. More specifically, they want senior level doctors and/or health experts/trainers names with all their details (bio-datas) in the documents. We have already developed that part of document as well and submitting again on Sun, 5th Jan 2019. We have worked on that part along with the details of the curriculum to be provided in the training. Hopefully, we get approval by this coming week and then we will update you again. Hopefully, we will come up with the good news too this time. Apology for this delays as every time we go for submission to SWC, they were asking for new documents. We will coordinate with Bikrant Ji too for further help if required.

Happy New Year to you and the entire team of ANMF too.

Best Regards,

Swati Thapa
Executive Director
Pratiman-Neema Memorial Foundation
