**Subject:** Update about the project with PNMF

Dear Bishnu Sir,

Namaste!

I would like to kindly update you that the final curriculum development, screening, and trainers selections have already been completed for the project with ANMF. We were very late because of COVID and again then the local election disturbances.

Also, it is important to kindly let you all know that during the COVID time, PNMF's main priority project on the ground was COVID Emergency Responses, and completing other COVID-related training programs such as mental health, vaccination, Strengthening Medical Health Workers in COVID Preparedness and Responses were put under high priority by our team upon board members decision. Now, we are on the verge of implementing the training on the ground with ANMF projects. The date is still to be finalized. I will update you about it but we are starting very soon.

I will keep updated. Again, apologies for the delays.

Thank you very much for your kind consideration and great support. We are working to make this training program a very successful one in Western Nepal

Best Regards,

Swati Thapa  
Executive Director  
Pratiman-Neema Memorial Foundation (PNMF)
