| Project Location | Gongabu, Kathmandu |
| Total Project Budget | \$66,900 |
| Grant Amount Requested | \$66,900 |
| Conversion Rate | \$118 |
| Project Start Date | 1st December 2020 |
| Project Duration | 1 years |
| Project Start Date | Nov 21, 2020 |
| Project End Date | Nov 21, 2020 |
| Proposal Summary | <p>The funds requested is \$66,900 which will be used to buy 10k liters liquid oxygen tank and pipeline for 100 bedded isolation center. (the cost will be doubled if two tanks is to be kept with pipelines for 200 beds)</p> <p>Note: The ownership of the plant will be taken by ANMF after the isolation center comes to an end.</p> |
| What are the goals of the program? | <p>The simple goals of the programs is to</p> <ol style="list-style-type: none"> 1. Supply oxygen to the isolation center to treat the Covid-19 positive patients 2. Provide the Isolation center with the Pipeline for 100 beds 3. Provide liquid oxygen which will be supplied to the 100 beds 4. The first refill of the liquid oxygen plant after construction then the refill will be done by KMC |

Why is the project needed?

This project is needed because Covid-19 patients aren't able to find beds for basic treatments in the hospitals around Kathmandu. This isolation center which will provide the basic oxygen therapy which can help the covid-19 patients tremendously. It is a initiation by the government, CCMC, other many different hospitals and mainly ANMF which can save various different lives.
