Subject: Regarding your project application to ANMF-20ODA001-ENHANCING THE PROVISION OF SAFE MOTHERHOOD AND CHILD HEALTHCARE IN RURAL KALIKOT

Good Morning Nick,

We received your application regarding above project. On our preliminary review- it appeared to us that ODA FOUNDATION is USA registered organization that works for Nepal. Please correct me if I am wrong.

Per ANMF proposal guidelines-which can be easily viewed at WWW.ANMF.ORG, "Proposal must originate from non-profit/public organization based in Nepal. Grant recipients must be able to receive funds at a bank account in Nepal."

Hence, I would request you to resubmit the application from non-profit/public organization based in Nepal.

Please feel free to email me if you have any questions or if you think otherwise.

With best regards,

Bishnu Sapkota, MD,FACG
