Organization Description

America Nepal Medical Foundation-Nepal (ANMF-Nepal) is an organization which consists of a group of reputed doctors and who volunteers in order to strengthen the health care delivery services of Nepal. The board members of ANMF-Nepal are working at different health care systems at National Level and they volunteer in this organization. The ANMF-Nepal implements the projects very efficiently with very less overhead cost. Mainly ANMF-Nepal donates the funds directly to other implementing partners (which are mainly government institutions).

Population Served

Project Information

Project Title Tele-Consultation for Home Isolation Patients (Extension)

Project Location Kathmandu

Total Project Budget \$2074

Grant Request \$2074

Conversion Rate \$1= Rs. 119

Project Start Date 1st December 2021

Project Duration 3 months

Project Summary

Nepal medical association (NMA), Epidemiology and disease control division (EDCD) and America Nepal Medical Foundation (ANMF) had partnered in order to start a tele-consultation service for the Home isolation covid patient. So, the people who are in home isolation they use this service to ask any questions related to their health. EDCD chief Dr. Krishna Paudel, NMA President Dr. Lochan Karki, General Secretary Dr. Badri Rijal and ANMF president Dr. Bhupendra Basnet had a meeting and planned that ANMF will support the human resources. More 3 months extension of this project is needed as cases are on the rise and it will be helpful for the covid patients.

Project goals

The main goal of the project is to provide specialist consultation to the patients who need it and also other normal consultation service to the patients in need. Patients are referred to the specialist according to the need and otherwise the Medical officer will attend the call.

Why project is needed

The project is needed because the home isolated patient will get easy service with having difficulty to visit the hospitals and try and reach out to the specialist doctors. The tele-consultation center will entertain calls of patient who are in need of the specialist and will forward the calls to the related specialist need for the patients. The service will be a great help to patients with covid and in need of specialist consultation.
