FUND ASSURANCE NOTICE

June 17, 2021

This is an advance notice that the America Nepal Medical Foundation/USA (ANMF) intends to transfer by wire **\$20,000 USD** to **Health Foundation Nepal (HFN)** for the purpose of funding the following project:

21HFN001 Covid-19 Mass Testing Initiative in Nepal \$20,000

Funds are to support HFN's project to test, trace, isolate, and provide telemedicine services in rural communities in collaboration with local municipalities and local healthcare centers. The project will be launched in Resunga Municipality, Tamghas, Gulmi in collaboration with Dr. Uttam Pachya of Gulmi District Hospital

Testing, tracing, isolation/quarantine are crucial steps to control COVID-19 pandemic. Nepal's test positivity rate is among the highest in the world, indicating that there are extremely high active cases and not enough testing. Rapid Antigen testing in mass-scale has been proven to break the transmission chain in many countries.

Social Welfare Council Nepal (SWC) approval must be received, and a memorandum of Understanding (MOU) signed prior to the distribution of these funds. America Nepal Medical Foundation/Nepal (ANMF/Nepal) will monitor this project and its implementation.

Sincerely,

Julia Shepardson
ANMF Finance Team
