Dear Binita Adhikari,

Attached is the fund assurance notice from America Nepal Medical Foundation (ANMF) for the Health Foundation Nepal (HFN) approved project **21HFN001 – Covid 19 Mass Testing Initiative in Nepal - \$20,000.**

This is the letter/notice that you will take to the SWC to receive approval. The process takes about 2 months after the paperwork is submitted to the SWC. A MOU needs to be signed with ANMF before funds are wired to the HFN.

Your project manager from ANMF is Dr. Ganesh Chaudhary who is copied on this email.

We look forward to hearing that your project has been SWC approved.

With best wishes,

Julia Shepardson
