

# **Kathmandu Institute of Child Health**

## **Progress Report (KIOCH-Damak Children's Hospital)**

June 2022

## Introduction

Kathmandu Institute of Child Health (KIOCH) has a long-term vision to build seven paediatric hospitals in Nepal's seven provinces. One of the seven hospitals to be built is nearing completion in Province 1 following the free lease for 30 years of the almost hospital-ready building from the Red Cross Society, Damak Sub

Chapter (RCD). The KIOCH team identified Damak's initiative as an opportunity to deliver high-quality pediatric treatment to the children of eastern Nepal. Preparatory work for the start of a Damak satellite hospital is currently underway. The KIOCH team has been assisted by the provincial government and local municipalities, which have also contributed financially to this provincial children's hospital. KIOCH-Damak Children's Hospital have received financial support from the province 1 (attached photo from the budget file).

१०६. स्थानीय तह तथा सुदृढीकरण स्थानीय सहायक सहकार्यमा	प्रदेश नं.१ को प्रदेश सभामा २०७९ आषाढ १ गते
१०७. हेमोफिलिया संघ संस्था बजेटको प्र	आर्थिक मामिला तथा योजना मन्त्री मा. इन्द्र बहादुर आइबोले प्रस्तुत गर्नुभएको
१०८. बालबालिका मानसिक सवनाउने उ विद्यालयमा दिएको छु विनियोजन	
१०९. महिलामा शल्यक्रिया	आर्थिक वर्ष २०७९/०८० को बजेट वक्तव्य
क्यान्सरको निःशुल्क परीक्षण गर्न आवश्यक प्रवन्ध मिलाएको छु ।	
११०. प्रदेशमा बालबालिकाको उपचारको लागि दमकमा बाल अस्पताल स्थापना गर्न काठमाडौं इन्स्टिच्युट अफ चाइल्ड हेल्थलाई रु. ३ करोड पुँजीगत अनुदान दिने व्यवस्था मिलाएको छु ।	
१११. स्वास्थ्य सेवाका लागि रु. ३ अर्ब ६७ करोड ७७ लाख विनियोजन गरेको छु।

## Completed work

- Provisional approval of KIOCH-Damak Children's Hospital Received from Ministry of Health, Department of Health.
- Process for approval for Infrastructure Development (LOI) and final approval is underway at Ministry of Health
- Process of IEE (Initial Environmental Examination) is in progress
- The KIOCH-Damak Children's Hospital have recruited major managerial posts

- Light Gauge Steel Structure on the first floor of OPD hall for PICU and NICU is completed
- Structural Analysis of Building completed
- Design and drawing for the Interior and retrofitting prepared
- Interior and Retrofitting work in progress
- Tender for equipment completed and equipment purchased.
- Tender for supplies is floated and procurement is in process
- 2.5 KVA transformer has been submitted to NEA and it has been forwarded to NEA-Damak for the allotment of transformer.

**List of Major equipment purchased/ received on donations**

• Baby Bassinet	6
• BIPAP Machine	2
• Bubble CPAP	2
• Emergency Medicine Trolley	2
• ICU BED	10
• Incubator	2
• Infant Warmer	6
• Infusion Pump	5
• LED Phototherapy	2
• Oxygen Concentrator	3
• Oxygen Cylinder	13
• Patient Bed	50
• Patient Monitor	22
• Ventilator	4
• Waste Management Bucket Sets	28

**Problems encountered**

The building was hospital ready and approved by Department of Urban Development and Building Construction but upon the structural analysis it was found that some columns need

retro-fitting. We prepared the engineering drawing for the required retrofitting and the work is underway. This process pushed our plan to start the operation by a couple of months.

### **Next phase of work**

- The human resources will be recruited to operate the hospital as per the requirement.
- Few equipment has been purchased and remaining equipment will be purchased soon.
