

22ANMF002 Equipment for Birthing Center - Yaku Health Post

I. Project Report

Yaku health post is situated in Arun Rural Municipality Bhojpur District. The health post supports healthy childbirths, educates the community about safe delivery and provides accessible service on time for birth/delivery. ANMF supported the project for advanced equipment for the birth center at the rural Yaku, Bhojpur Health Post.

Picture 1: Birthing equipments provided by ANMF to Yaku health posts

ANMF supported Yaku Health Post by providing equipments such as delivery table, baby warmer, vacuum suction and Video X-ray portable to improve birthing center. The handover of the equipments to the health posts was done on the 16th of June 2022.

Picture 2: Handover of the equipments to the health post incharge at Yaku Health post

Now, by providing such equipments for the birthing center Yaku Health Post can deal with all cases of child birth and won't have to refer to other Hospitals.
