Organization Description

America Nepal Medical Foundation-Nepal (ANMF-Nepal) is an organization which consist of a group of reputed doctors and who

volunteers in order to strengthen the health care delivery services of Nepal. The board members of ANMF-Nepal are working at different health care systems at National Level and they volunteer in this organization. The ANMF-Nepal implements the projects very efficiently with very less overhead cost. Mainly ANMFNepal donates the funds directly to other implementing partners (which are mainly government institutions).

Population Served

Project Information

Project Title	Equipments for the Burn ICU in Kritipur Hospital
Project Location	Kritipur
Total Project Budget	\$ 90,000
Grant Request	\$ 90,000
Conversion Rate	\$1= Rs. 131.57
Project Start Date	July 1, 2023
Project Duration	1 year

Project Summary

The project aims to help build a proper burn ICU in Kritipur Hospital by providing necessary equipments.

Project goals

1. To provide necessary equipments for burn ICU set up for Kritipur Hospital
2. To provide basic treatment facilities for the patients affected by burn as there no other proper burn ICU facilities available in Nepal.
3. To treat the burn patients here in Nepal itself rather than sending them outside the country.

Why project is needed

As

Kritipur Hospital is also established as a burn hospital but it still lacks a proper burn ICU facility. A proper burn ICU facility in Nepal is very necessary as burn affected patients have to be sent outside Nepal for treatment as it is not possible in Nepal. A recent incident with a member of parliament has aggravated the situation. If the equipments are provided to Kritipur Hospital then a proper ICU facility can be established and the burn patients can be treated in Nepal.
